AURORA INVESTMENTS GLOBAL LIMITED

"Your Garment Resource in Vietnam"

Our Story

Aurora Investments Global Limited is a fully-vertical garment manufacturing operation from fabric to garment based in Ho Chi Minh City, Vietnam. We pride ourselves with the ability to innovate, design, develop and collaborate with customers from concept through execution. We own our weaving operation in Vietnam for performance synthetic woven fabrications and operate our performance knitting operation under the same umbrella. We provide our customers with a worry-free supply chain, on-time delivery and high-quality products while utilizing our fully-owned facilities in conjunction with our join-venture operations throughout Vietnam.

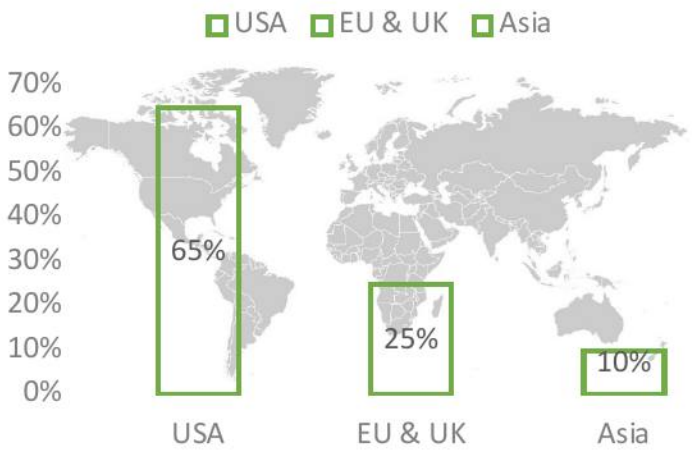

Our merchandising teams at Aurora Investments Global Limited work with you to streamline the process from development to delivery. Once the order is placed, we will seamlessly follow-through with all requirements assuring the product meets your performance and quality expectations.

Our R&D team provides a steady stream of new ideas as we scour the market for technologies, fabrications and design direction. Each season, our team of development experts prepare new concepts for our customers to build upon. We are continuously developing collections of products utilizing our expertise to merge textile and garment innovations while incorporating the trends. The end result is a consistent flow of newness to support our market-leading customers.
